

## ANNUAL EXHIBIT OF ART INSTITUTE

Hundreds Gather at Vermont Building to See Work of Artists.

PICTURES BY JOHN HAFEN

Of the Many Paintings Submitted to the Judges but One Hundred and Fifty Are Accepted.

Delightful music, a gay gathering of handsomely gowned women, a host of enthusiastic art devotees and a crowd that for size and enthusiasm has heretofore never been known marked the opening of the twelfth annual art exhibit of the Utah Art Institute.

Five hundred invitations were sent out by the secretary, Mrs. Elizabeth Bonnemort, and, as ample evidence that interest in art is growing here yearly, the full half a thousand responded and there, coupled with the scores who came without need of call, made a record assemblage of art lovers.

Edwin Evans, R. H. Irvine and Mrs. Bonnemort, the trio who selected the exhibits, were generously praised by the throng for their selections. Out of the hundreds of paintings submitted but 150 were accepted.

**Hafen's Work.**  
There is no one picture at the exhibit that overshadows all others. Each picture, in its turn, comes in for the most hearty commendation of the critics, and when the awards are to be made competition will be considerably keener than ever before.

Oil paintings, pastels and water colors grace the walls of the art exhibit room in the Vermont building in profusion. Every available inch is utilized and, in many cases, it was found necessary to place the exhibits on special stands. This room was especially built for art exhibition purposes, and it is likely that all coming exhibitions of this character will be held there.

One spot of special interest is that occupied by the paintings of the late John Hafen, declared by many to be Utah's greatest painter of western landscapes. Special care was exercised by the committee in selecting Hafen's work, and the paintings on exhibition now are said by all to be his best.

**Prizes Offered.**  
Three hundred dollars is offered as a prize for the best oil painting; \$125 for the best pastel or water coloring; and \$75 as a second prize in the last class. The exhibitors are the only ones who had a vote in the selection of the winning exhibit and, as the exhibition will last the entire month, the awards will not be known before the new year.

"I am extremely pleased to see the marked increase in attendance and the expression of satisfaction from every one," said President Evans of the Utah Art Institute last night. "After the committee's hard and earnest work to secure the best representative collection of Utah painters, it is gratifying to note that the art lovers pronounce the exhibition the grandest yet attempted here."

"It took a long time to settle on the pictures to be used, and doubtless

## JENSON IS APPOINTED

**PARLEY P. JENSON.**  
(Special to The Herald-Republican.)  
Washington, D. C., Dec. 5.—Parley P. Jensen of Salt Lake was today appointed private secretary to Congressman Joseph Howard of Utah.

Mr. Jensen has also been elected treasurer of the debating society for National university of Washington. The society has about 300 members.

Mr. Jensen came to Washington about a year ago and has been employed with the immigration commission, studying law in his leisure hours. He is a newspaper man and was editor of the Western Monthly at Salt Lake before coming to Washington.

Many were grieved at the rejection of paintings they submitted. But we wanted the best in the state, and the people think we got what we were after, according to the way they flocked here tonight and the opinions they expressed.

**The Exhibitors.**  
The exhibition will be open for the rest of the month, between the hours of 2:30 and 10 p. m., and I hope the attendance will keep up.

The exhibitors are: Edwin Evans, Lee Greene Richards, A. B. Wright, Donald Beauregard, M. M. Young, J. Leo Fairbanks, J. T. Harwood, G. Wesley Browning, Mary Teasdale, John Hafen, Mrs. E. F. In the case of Mrs. L. V. Roylance against the Utah Copper company, which has been before the United States district court since Friday, Judge John A. Marshall yesterday instructed the jury to return a verdict in favor of the defendant.

Mrs. Roylance was suing for \$50,000 damages for the accidental death of her husband, last May, while in the employ of the defendant company. Roylance was crossing the railway tracks controlled by the company, when he was run down and almost instantly killed.

**CONVASCENCE AFTER PNEUMONIA.**  
Typhoid fever and the grip, is sometimes merely apparent, not real. To make it real and rapid, there is no other tonic so highly to be recommended as Hood's Sarsaparilla. Thousands testify. Take Hood's.

**JOHN HENRY SMITH RETURNS.**  
John Henry Smith, of the Utah delegates to the Trans-Mississippi Commercial congress has returned from San Antonio, Texas, where he has been in attendance at the seventeenth session of the congress. Mr. Smith reports the meeting an enthusiastic one, and one that will no doubt be productive of much good.

## Tells How to Make a Pint of Laxative Cough Syrup Very Cheaply at Home.

The reason that most all cough syrups are ineffective, is that the ordinary preparations are very constipating and after a while they aggravate the congestion and bring on feverish pneumonia. To avoid pneumonia the bowels should be laxative and the cough will soon be overcome.

The finest acting, most pleasant tasting and laxative cough syrup can be made at home by any one. Obtain from a well stocked druggist 25 ounces of essence mentho-laxative, empty it into a pint bottle. Make a syrup with a pint of granulated sugar and a half pint boiling water; stir and then fill up the bottle with syrup. Shake it well and take a teaspoonful every hour or two until the cough is cured. This is the quickest acting and surest cough remedy ever conceived. All wholesale druggists and most retail druggists sell essence mentho-laxative.

## MURDER TRIAL OF HATTIE LE BLANC

Direct Case of the Prosecution Will Probably Be Concluded Today.

Cambridge, Mass., Dec. 5.—The prosecution's direct case against Hattie Le Blanc, on trial for the murder of Clarence E. Glover, probably will be before the jury at the close of tomorrow's session.

When court adjourned tonight the jury had heard the evidence of twenty-one witnesses, seven of whom testified today. No witness has yet testified to seeing Hattie Le Blanc enter or leave the laundry where the shooting occurred. The defense has made efforts by the district attorney to introduce testimony that more closely connects the girl with the crime have been ruled out by the court.

On the other hand, during the seven days of the trial, the defense has turned the attention of the jury from the little Cape Breton girl to Mrs. Glover and her attorneys have been obliged to protect her against these attacks.

Half a dozen witnesses testified today to seeing Mrs. Glover enter the home about the time the shooting is said to have occurred in the laundry. Mrs. Glover's flight in a taxicab, said D. Elmore, was on the stand longer than any one else today and was forced to admit that she was paid \$1,000 by Mrs. Glover immediately after the murder to defend her against a situation which had arisen.

He also said he readily detected marks on Hattie's hands when she was dragged from her hiding place. With these marks were stains, he could not say, but they looked like it. He further said that she had a scar on her finger.

The defense laid much stress on the fact that in the searching of the Glover house for the girl a lamp was used and it might have been held close to this hand.

Just before the close of the day's session the district attorney intimated that he would produce tomorrow the interpreter who translated Hattie's statements to the police after her arrest.

## ALTITUDE RECORD

**J. Armstrong Drexel Rose to a Height of 9,970 Feet.**  
Philadelphia, Pa., Dec. 5.—According to George S. Bliss, chief of the United States weather bureau in this city, J. Armstrong Drexel rose to a height of 9,970 feet in his flight on Sunday, November 22. The best previous record was 9,714 feet, made by Ralph Johnson, who was killed at Denver. Drexel claimed he reached an altitude of 9,970 feet.

When members of the Aero Club of America in New York questioned the correctness of Mr. Drexel's record he placed the matter in the hands of the weather bureau experts and announced that if they agreed that he broke Johnston's record he would fight to have his figure officially accepted. The barograph used by Mr. Drexel was the same as that taken up by Johnston at Belmont park.

**ADDRESS TO NURSES.**  
Miss Isabelle McKeage of Benton Harbor, Mich., international secretary of graduate nurses of America, addressed the Salt Lake branch of graduate nurses in the nurses' home at St. Mark's hospital Sunday night. There was an unusually large attendance, including pupils of the training schools at St. Mark's, L. D. S. and Holy Cross hospitals.

## RHEUMATISM WEAK KIDNEYS & THIN BLOOD

Not only is the blood the great nourishing source of our systems, but equally as important is its work of removing the waste of oxidized tissues which have been consumed in force and bodily heat. This waste is filtered out through the kidneys. When, however, the kidneys become weak and unable to perform their regular duties, the waste is allowed to remain in the circulation, soon forming uric acid which destroys the greater portion of nourishing elements of the blood and leave it weak and acid. This imperfect blood deposits into the different muscles and joints the uratic impurity with which it is contaminated. Then the pains and aches of Rheumatism commence. The gritty formation which uric acid causes collects in the joints and produces the aches and stiffness which always accompany the disease. Likewise the muscles are coated and lose their elasticity, while the continual irritation to the nerves produces swelling and inflammation of the flesh.

S. S. S. cures Rheumatism in the only way it is possible to overcome the disease; it cleanses the blood of all uric acid poison and strengthens the kidneys so they are enabled to properly filter out the waste. S. S. S. is not only the best of blood purifiers, but a fine tonic. Book on Rheumatism free to all who write.

## DEFICIT CAUSES COUNCIL CONCERN

Use of More Than Its Allowance by Park Board Leaves Financial Hole.

How to meet the \$6,000 deficit in the appropriation for the board of park commissioners is the latest problem confronting the city administration, the proposition occupying an important place in the discussions at the meeting of the city council last evening. In a communication to the council, the commission blamed the weather, in part, for exceeding the annual speed limits, explaining that the deficit was mostly due to the fact that the delightful weather had inspired them to greater efforts in civic beauty.

The commission further explained that a part of this work was to have been deferred until 1911, so, according to the commissioners, the \$6,000 deficit can be partially covered by next year's appropriation. The council passed the proposition up to the finance committee. The commissioners also ask for an additional appropriation of \$2,500 to purchase a new public playground, installed in Pioneer park. This was also referred to the finance committee.

**Heated Discussion.**  
Heated discussion was brought forth when the waterworks committee recommended that the condition for the water for the sprinkling of the Brigham Young private cemetery. After arguments for and against by the members of the council, the matter was referred back to the committee, to be presented at the next meeting.

John T. Hales, who has been brought against H. M. Burton for injuries caused to a street sweeper, Charles St. John, was yesterday run down and injured by one of Burton's delivery wagons.

McKinney and a recommendation from the chief of police asking that the streets be cleaned by the city, were also brought up. The chief of police, J. K. Jones, as special officer to patrol the Denver & Rio Grande yards in place of Ed Christfield, resigned, was approved.

Chief Glor of the fire department informed the council he had suspended William Schnade from the department for ten days without pay for infraction of rules.

## DOUGLAS NAMED FOR SCHOOL BOARD

In Direct Opposition to Non-Partisan Methods, American Party Selects Candidate.

In direct opposition to the non-partisan spirit of electing members of the board of education, "American" partisans assembled in the police court chambers last night and nominated Dr. C. I. Douglas, "American," to oppose Dr. G. B. Proulx, non-partisan, for short term member representing the Fifth precinct. Dr. Proulx was nominated over L. M. Bailey at a non-partisan mass meeting of the Fifth precinct one week ago.

The disgruntled action of the "Americans" not being able to nominate Bailey resulted in the American nomination last night, which is a direct slap at the principle of non-partisanship in the school system. The meeting of the Americans to inject politics into the schools was called by Herman Bamberger. He attempted to make Bailey, whom Dr. Proulx defeated, run for the nomination. But Bailey, who has had previous experience as a board member, declined to permit his name to be used at the meeting last night. George F. Goodwin presided at the meeting.

## A DISTRESSING CONDITION CURED

How This Los Angeles Woman Was Helped by the Tonic Treatment.

She Used Dr. Williams' Pink Pills When She Needed More Strength and the Pure, Rich Blood Soon Brought Complete Relief.

"I can't begin to tell of the benefit I received from Dr. Williams' Pink Pills," says Mrs. A. K. Hay, of No. 678 East Forty-fifth street, Los Angeles, Cal. "Four or five years ago at the time of life when I needed rest, I became run down through overwork and worry caring for my husband who had been injured. I became so weak and debilitated that I didn't have strength to do my work. I had no ambition to do anything. Food didn't seem to strengthen me. I had distressing pains in the back of the neck and along the spine. I suffered from headaches, was very nervous, couldn't sleep at all, and the least little noise started me. I was confined to bed for three weeks at a time. I was reduced in weight from 134 to 115 pounds."

"I was under the care of three doctors at different times during my sickness. While taking their medicine I seemed to feel some better but would be as sick as ever when I stopped taking it. The doctors said I would never get well without an operation, but my husband would not consent to it. I had been sick over a year when a friend urged me to try Dr. Williams' Pink Pills. I had tried so many medicines and doctors that I didn't have much faith in the pills but decided to give them a trial. It was only a short time before I began to feel stronger. The headaches and nervousness left me and I was benefited in every way. I gave the pills a good trial and was entirely cured. I weigh more now than I have in a long time."

If you are interested in the remedy that cured Mrs. Hay, write today for our booklet, "Plain Talk to Women." It is free and will be sent postpaid.

Dr. Williams' Pink Pills are always the same and are sold only in packages bearing the well-known trade mark, Dr. Williams' Pink Pills for Pale People.
